

NEUROPATH BEHAVIORAL HEALTHCARE

Comprehensive therapeutic support for children, adolescents, adults and families

Care that meets people where they are

Neuropath provides compassionate, evidence-based and individualized behavioral healthcare in the home, in the community, at welcoming centers and through secure telehealth.

Children & Adolescents

<i>Flexible service settings</i>	In-home, telehealth and center-based care.
<i>Assessments & clinical counseling</i>	BioPsychoSocial assessment and treatment for emotional and mental health needs.
<i>ABA & spectrum support</i>	Personalized support for communication, social skills and independence.
<i>Mobile response & crisis stabilization</i>	Timely intervention and coordinated care during urgent situations.
<i>Respite care</i>	After-school care, hired respite and weekend recreation for children with developmental disabilities.

Adult Services

<i>Mental health counseling</i>	Support for anxiety, stress, depression, trauma, grief, life transitions and personal growth.
<i>Telehealth & outpatient care</i>	Convenient, flexible access that fits daily responsibilities.
<i>Crisis stabilization</i>	Compassionate assessment and planning to restore balance.
<i>Recovery treatment</i>	Evidence-based substance-use recovery options and ongoing support.

Community Counseling Programs
